EBIKESCOUT

We created a custom design theme for the EBIKESCOUT website. Besides the design, we also customized a number of other features to exceed our client expectations.

EBIKESCOUT is the portal dedicated to all the users of bikes where the legs are assisted by an electric motor. The company intends to provide services to all those people, who want to buy a new or second hand eBike. The company also puts buyers in contact with sellers and has dedicated eBike shops.

Technology: PHP, MYSQL

Version Controls: SVN
