SKILLS & EXPERTISE

GREEN REAL ESTATE SYMPOSIUM

The Green Real Estate Symposium was the conference held in the year 2015 which dealt in detail with appraising, selling & financing energy efficient & renewable energy features. They hired Source Soft Solutions to develop their brand identity. The client was very clear about their Symposium icon, so the first task was to sit down and think about the right way to approach this project. In the end, the designers came up with an obvious, albeit clever, visual concept. Finally, the client selected the best one from the array of logos presented by the team.

Technology: Adobe Photoshop
