GOVRATER

As the name Govrater suggests, rate your government. The website is also the same, with it you can rate your government. We set out to design and build a fully-responsive, unique and innovative polling website, so that the citizens of Federals, California, New York and Florida can find their government easily and can vote for them. We designed and developed a fully-responsive, multi-media focused website that delivers innovative design and presentation in order to bring significant number of users and quality traffic.

Technology: Codeigniter framework, MySQL, HTML5, CSS3, jQuery.

Version Controls: SVN

CLIENT FEEDBACK

“ I had never designed a website before and I was nervous about the process. Source Soft made it very easy for me to create the perfect website for our company. They have a very easy-to-follow process that allowed me to build the site our company needed to showcase our dealings. Plus, they were able to implement all my design comments and changes. Great developers and a great team to support them. ”

We are committed to convert your ideas into online business.
