COREY KIRKENDOLL

Top40Eliquid is a Magento store that sells liquid products online. Since the main function on the site is the search, a lot of time was spent to design a beautiful and understandable workflow for the user. After carefully considering a few extensions we decided to go with a custom solution since none of the extensions satisfied the requirements of the functionality we aimed for. We are extremely satisfied with the way this project turned out. The core functionality is stable, the site looks nice and is easy to use, and the client is happy.

Technology: Magento, MySQL, HTML5, CSS3

Version Controls: SVN
