MEET D MAKER

Meet D Maker is an online directory looking to showcase small and medium scale manufacturers in South Africa. The challenges of this project were a bit different than others. This particular client wanted the ability to quote and showcase the manufacturers on the same web site. We end up building custom quoting platform for Meet D Maker that provides the ability to look for the reliable small and medium scale manufacturers. The conversion rate on turning quotes into sales has also dramatically improved since the information is accurate and timely.

Technology: Codeigniter framework, MySQL, HTML5, CSS3, jQuery.

Version Controls: SVN

Peter

South Africa

CLIENT FEEDBACK

“ I have just concluded working with Soft Source Solutions on my new website - because it is a trading website I needed more attention to details and that was what I got with the team I worked with, they are patient, dedicated and ready to listen and make amendments, their expertise is above per and I enjoyed working with the team all the way. I will be working on upgrading the website in a few months and guess who will do the framework and design ? Source Soft Solutions. :)

”

We are committed to convert your ideas into online business.
