MY GREEN TRAVELER

GreenTraveler aims to fight against styrofoam, and even compostable to-go containers, disposable coffee cups, and plastic bags. They have designed the GreenTraveler travel food container that is made of ABS Plastic. This sustainable food container is suitable for use when you go for a picnic, to your office, for biking, hiking, traveling and more.

GreenTraveler approached Source Soft with two goals: to increase traffic and conversions. Working hand-in-hand with their marketing team, we were able to massively increase New Users, Traffic from the Organic Search channel, and Conversions.
